INTERESTS & CURRENTLY LEARNING

Internet of Things (IoT)

Exploring

- Actively exploring IoT concepts including sensor integration, embedded systems, and smart infrastructure applications — keen on applying IoT to civil engineering monitoring systems.

UI/UX Design

Exploring

- Learning the fundamentals of user interface and user experience design, experimenting with design tools and principles to build intuitive and visually appealing digital products.

Sustainable Infrastructure

Passionate

- Deeply interested in green building technologies, eco-friendly construction materials, and sustainable urban planning as the future of civil engineering.

Python & Automation

Learning

- Continuously improving Python skills by building small tools, scripts, and data analysis programs to solve real-world engineering and productivity challenges.

SKILLS

Technical / Academic	Programming	Core Competencies
Mathematics	Python	Analytical Thinking
Physics	HTML	Problem Solving
Engineering Geology	Data Analysis	Research & Modeling
Computer Science	Automation Scripting	Communication

ACHIEVEMENTS & HONORS

Tata Pankh Scholarship

2023–2024

- Awarded for outstanding academic merit and demonstrated leadership potential. Recognized among top scholars nationally.

Pariksha Pe Charcha – Prime Minister's Interaction
